The race for excellence has no finish line

Welcome

Abdul Nabi Qamar - CEO

Royal Vision Education is registered with Security Exchange Commission of Pakistan and British Council Trained & Certified student's Consultancy firm. We are also founder member of Association of Foreign Education Consultants (AFEC). We are promoting international education with special attention on student counseling and immigration consultancy services.

We are committed to provide a high quality, value for money, independent professional service. The main objective of our firm is to provide a formal and authorized link between international education enterprises, national institutions and students planning to study abroad.

Our singular commitment is to provide a professional counselling service to Pakistani students seeking higher/further education to abroad. Our sincere support is directed towards assisting students in selecting the most suitable universities and courses for them. Our personalized guidance at all levels of application helps us ensure that our students take the right step in the right direction at the right time. Due to our qualified approach we have been successful in placing number of students and the number of our satisfied customers is increasing every day, enabling us ultimately to negotiate over most competitive packages for our customers from the world's best educational institutions while observing their financial constraints.

Mission Statement

We Shall Educate all the People to share the vast treasures of the universe.

We are also committed to increase the value and added-value of the international education industry and benefits gained by strategic partners and clients as part of our contribution towards sustainability and good will of the international education industry as whole.

How do we operate?

In our main business operation, field consultants take charge of course/university/career counseling and application preparation, while administrative officers oversee the submission/tracking of applications and pre-departure procedures. Through this job specialization structure, student clients are assured of receiving tailored services that help them identify the best international opportunity to meet their needs, including:

- ✓ **The best possible advice unmatched elsewhere from our consultants who have worked, or are still working in the industries that our students aspire to;**
- ✓ **Dedicated and efficient support services from our administrative officers who are highly experienced in communicating with our partner institutions about all matters related to international student application and pre-arrival needs.**

We understand that many of our partner institutions value quality more than quantity and hope to achieve better recruitment results with less effort, thus our service has been tailored to optimize offer and enrolment conversion rates, and to minimize extra support required from partner institutions to reach these goals.

- ✓ **Filtered applications: Carefully select good students and avoid the bad on behalf of our partner institutions prior to making applications before of them.**
- ✓ **High conversion: Make applications at good number per student to ensure a high enrolment conversion rate for our partner institutions.**

Proactive marketing: Regularly contribute contents to mass media (website, online discussion boards, newspapers and magazines) for pr exposure, hold public seminars, and organize specific institution alumni reunion events, forge links between local organization/academic institutions and run education fairs in local schools, colleges and universities.

We have IELTS Centre as BRITISH COUNCIL Partnership Programme.

University Selection/Admission Guidance

There is no such thing as an information vacuum. When there is a lack of hard information, hearsay fills the gap. The ability to promptly communicate key message and information to target audiences can improve perceptions of products and services. It is only these principles which can provide a long term professional relationship with the clients on the quality of information.

So we are here to help out in resolving the queries of our students and giving them complete and relevant information about their institute and their admission process without any communication gap.

At Royal Vision Education, we provide full admission assistance in international institute and also will help out in selecting the institute on tailored basis.

Our qualified consultants are there to provide prospective students with the information and tools they will need to choose appropriate educational options around the globe. We can help the student choose between short-term, semester and full-year programs. Options like undergraduate programs and graduate programs. We are committed to ensuring that students receive a worthwhile and productive experience.

We have many reputed Colleges and Universities on our panel in which students find a good learning environment and also stabilize themselves in their career.

The exciting experience of international study offers an exceptional chance for self-discovery and personal growth that can change a student's life. We at Royal Vision Education guide students and their families through very step of this important decision-making process.

Departures

Pre Departure Information

We also assist our students before their travel to foreign country. We guide them thoroughly about the culture, environment, travelling and living of their destination country. We also guide them about that foreign country's weather, clothing, and precautions to be safe from the diseases and about the cheap food. We provide students the links of all the relevant legislation and other departments before travel as this information will be helpful and necessary for them in their future.

Accommodation

Most of our students ask us about the accommodation arrangements so we also help them in arranging a good residence at minimum distance from their institute. We arrange their accommodation with lowest cost and with all the basic necessities.

This service may also be able to arrange temporary accommodation for students when they first arrive in their selected destination for study. Different options are available for students and it totally depends on their choice. For instance, university halls of residence are very popular and require students to apply for a room well in advance, whereas rental accommodation is generally available and can be organized when you arrive.

Most of the students live on room sharing basis and others go for different options. We fully help them for this and also guide about the option which will be most feasible for them.

Royal Vision Education help out its students not only before applying his visa and admission but also help them after the decisions of their visa application. If any student is refused his study visa we assist him in filing his appeal. Following the grounds of refusal we prepare his appeal in the light of the immigration rules.
